

Akram Iyaz

Software Developer

Bengaluru, India | +91 6006369118 | bhatakram07@gmail.com

PROFESSIONAL SUMMARY

Aspiring Software Development Engineer with strong proficiency in Python and a solid foundation in Data Structures, Algorithms, and Object-Oriented Programming. Experience in building backend logic, RESTful APIs, and database-driven applications. Passionate about developing scalable backend systems, solving complex problems, and learning modern technologies such as Django and cloud platforms.

TECHNICAL SKILLS

Programming Languages: Java, Python, C, C++, JavaScrip.

Frontend: HTML, CSS, JavaScript, React

Backend: Django, REST APIs, Node.js, PHP, Servlets

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, Eclipse, IntelliJ IDEA, Maven, Apache, Linux, Power BI, Tableau

Core Concepts: Data Structures, Algorithms, OOP

PROJECTS

Backend Developer – Library Management System (*Academic Project*)

- Developed a full-featured library management system for college use
- Implemented book issue/return, inventory tracking, and user management
- Designed backend logic and database integration using Java & MySQL

Python Developer – Random MAC Spoofer Tool (*Personal Project*)

- Built a Python-based tool to randomize MAC addresses
- Ensured compatibility with Linux-based systems
- Focused on networking concepts and system-level programming

EXPERIENCE

- Android Developer Intern at MindMatrix (Feb 2026 - Present)

CERTIFICATIONS / ACHIEVEMENTS

- Reached Round 2 (Top 31 teams) in Infosys-PALS Hackathon 2025
- Completed Innovation, Design, and Entrepreneurship (IDE) Bootcamp

Memberships

- Algorand Blockchain Club – Core Team Member
- IAENG Member (AI, Web Services, Information Systems)

EDUCATION

Bachelor of Engineering – Information Science and Engineering

Cambridge Institute of Technology | 2022–2026 | CGPA: 7.5

Diploma – Information Technology

Kashmir Government Polytechnic | 2020–2023 | 78.88%
